

# City of Sparta-Excavation Application

Owner Name and Phone:

---

Property location:

---

Contractor Name and Phone:

---

Purpose of Excavation:

---

Excavation:

Street and curb excavation deposit: \$1,500.00

Sidewalk excavation deposit: \$500.00

Date to begin

Excavation: \_\_\_\_\_

Date expected

to be completed: \_\_\_\_\_

Any person making any excavation shall refill the same by flooding in sand within twelve inches of the surface, followed by eight inches of crushed rock, and then followed by four inches of the same material as the original surface, or where the original surface was asphalt, by four inches of cold asphalt patch material

The deposit shall be kept by the city until such time as the depositor making the excavation shall have refilled the same and the refill has been approved by the **Commissioner of Streets and Public Improvements**; at such time, the deposit shall be applied toward any expense the city has incurred in regard to the excavation, if any, and the balance shall be refunded to the depositor.

Signature: \_\_\_\_\_ Date: \_\_\_\_\_

\*\* The City of Sparta requires utilities performing underground boring to identify all city utilities by hydro-excavation. The Public works Director will verify the city utilities have not been damaged by the work performed prior to and after the bore is complete. Any violation of these requirements will result in the removal of the company performing the work. The City of Sparta can make exceptions with utilities with a depth greater than ten (10) feet.
